NARKOO 1m diameter, rumbled granite, marble and gemstone with stainless steel encasing embedded into concrete reinforcing

Past and Present ~ Coming Together

A series of four mosaic portals; NARKOO (kangaroo), URI (emu), WAYAMBA (long necked turtle), ANKA (freshwater barramundi) symbolise the totems of the 4 tribes from the Central Highlands and they are the KYLBUNG, KURRA-KURRA, COCA-EA-BERRA and DING-GEL-BURRA peoples who are sub-tribes of the KAIRI area.

Together their pathways meet at the centrepiece which is the KAIRI nation. These carved wooden totems form the big rainbow serpent MUNDAGUDA ~ this is their special meeting place that has ties to the dreamtime.

The Central Regional Highlands Council commissioned me to do the concept development and installation as part of the Revitalisation Plan proposed by HASSELL for the Emerald Town Centre.
